In re Application of : DECISION ON PETITION
Yves DEMARS, et al. : TO CONSIDER AN IDS
Application No. 10/530,060 : UNDER 37 CFR 1.181
Filed: April 4, 2005 :
For: INSULATING GLAZING PANEL :

This is in response to applicant's petition filed April 1, 2008 under 37 CFR 1.181 requesting consideration of an Information Disclosure Statement (IDS) filed June 27, 2007.

The record shows that in the Office Action of September 24, 2007 the examiner did not consider two Foreign Patent Documents, specifically the French patents 2115932 and 2807783. The examiner crossed out the entries for these citations on the form PTO-1449. In the Advisory action mailed March 21, 2008, the examiner indicated that the French patents 2115932 and 2807783 were not considered because there were no legible copy of these references as required by 37 C.F.R. § 1.98 (a)(2).

Applicant argues that legible copies of the French patents '932 and '783 were filed and cites as evidence a Filing Receipt showing that five cited references were filed on June 27, 2007. Applicant also filed copies of the references and IDS with the Petition.

This application is currently abandoned. The examiner mailed a Notice of Abandonment on November 10, 2009.

Therefore, the petition is **DISMISSED as MOOT.**

Any questions or comments with respect to the decision should be forwarded to Supervisory Patent Examiner, David Dunn at (571) 272-6670.
